RETEC

Project Discovery Questionnaire

The more you share, the sharper the proposal. Every answer goes straight to the RETEC team — scope, timeline and price are prepared from what you write here.

About 10–15 minutes · Required fields are marked · Nothing is charged or committed.

Ⓐ Client Information

Who we are dealing with and how to reach you.

Full name *

Business / organization name

Email *

Phone / WhatsApp

Business location

Role / position

Preferred contact method

○ Email ○ Phone call ○ WhatsApp ○ Any is fine

Ⓑ Business Information

What the business does today, and what digital footprint already exists.

What does the business do?

What products / services does it offer?

Who are the target customers?

What makes the business different?

Current digital presence

Where the business shows up online today — social media, marketplaces, directories, nothing yet.

Existing website

Existing social media

Existing domain

Existing hosting

Existing systems / tools

Spreadsheets, accounting software, POS, booking tools, etc.

© Project Overview

What you want built, and why it matters now.

What are you looking to build? *

What problem are you trying to solve?

Why are you looking to solve it now?

What currently happens without this solution?

What would success look like?

What should the finished product help you accomplish?

Ⓓ Functional Requirements

Tick everything that is relevant. Nothing here commits you to anything.

Which of these do you need?

☐ Business website ☐ Portfolio ☐ Web application ☐ Booking system ☐ Ecommerce ☐ Payments
☐ User accounts ☐ Admin dashboard ☐ CMS (content management) ☐ Blog ☐ Search
☐ Notifications ☐ Email ☐ WhatsApp integration ☐ API integration ☐ Database ☐ Analytics
☐ Authentication / login ☐ Other

Other requirements

Anything not covered above — integrations, workflows, or features specific to your business.

Ⓔ Content

What material already exists, and who will supply the rest.

Do you already have a logo?

○ Yes ○ No ○ Not sure

Do you have brand guidelines?

○ Yes ○ No ○ Not sure

Do you have images / photography?

○ Yes ○ No ○ Not sure

Do you have text / copy for the pages?

○ Yes ○ No ○ Not sure

Do you have product / service information?

○ Yes ○ No ○ Not sure

Are there existing documents we should see?

○ Yes ○ No ○ Not sure

Who will provide the content?

What content still needs to be created?

Ⓕ Design

Direction, references and anything we should match or avoid.

Preferred visual style

Preferred colors

Existing brand colors

Websites you like

One per line, with a word about what you like about each.

Websites you dislike

One per line, with a word about what you would avoid.

Other design references

Screenshots, Pinterest boards, competitor sites — describe or link them.

Existing brand assets

Logo files, fonts, illustrations, templates you already own.

Ⓖ Technical / Integration Requirements

Anything the solution has to work with.

Existing software

APIs

Payment providers

Email services

Hosting

Domain

Third-party services

Required integrations

What must connect to what (e.g. website → M-Pesa → SMS).

Existing database / system

Spreadsheets, legacy software or databases we would need to import from or connect to.

(H) Timeline

Dates that matter, and how flexible they are.

Desired launch date

Important deadline

Reason for the deadline

Is the timeline flexible?

○ Yes ○ No ○ Not sure

(I) Budget

A range is enough — final pricing always depends on the confirmed scope.

Budget range

○ Below KSh 15,000 ○ KSh 15,000–25,000 ○ KSh 25,000–40,000 ○ KSh 40,000–75,000

○ KSh 75,000+ ○ Not sure / Need guidance

(J) Decision Making

Who we take instructions and approval from.

Who makes the final decision?

Are there other stakeholders?

Who should approve designs / content?

Who should approve final delivery?

Success

The two questions that matter most.

What would make you consider this project successful? *

Is there anything important we have not asked about?
